

## INTERCOLLEGiate BROADCASTING SYSTEM

TO: John Davison

cc:

x

DATE: 13 March 62

FROM William Malone

DEPT: Engrg

SUBJECT: Steve Lewis' Session Topic

FILE: I 2.24

In the past, technical sessions have covered carrier current engineering, audio equipment, FM applications, and FM operation and maintenance.

I should appreciate it if you would ask Steve to drop me a postcard with his session topic thereon.

Bill
